SERVICES PROVIDED IN HOME, SCHOOL, COMMUNITY OR WINTER PARK OFFICE

Behavioral Support Services, Inc. (BSS)
In 1997, Doris Duan, M.S., BCBA, became a Med Waiver Provider in District 7

Two years later, Ms. Duan, Owner and CEO, established Behavioral Support Services, Inc. Our agency provides behavioral and therapeutic services in the home, school, office and community for Orange, Osceola and Seminole Counties. A sister company, American Living, has provided Intensive Behavioral Residential Treatment since 2001 and currently operates an adult male home and a female adolescent residence. Behavioral Support Services, Inc. received Full Accreditation from "The Joint Commission" in May 2007 for "Behavioral Health Care." In February 2008, BSS became a DCF Licensed Substance Abuse Provider. We serve both children and adults. Medicaid, Medicaid HMOs, FSPT, Private Insurance and Self-Pay is accepted. Our strength lies in having the experience, wisdom, knowledge, and trained staff to provide a variety of interventions; utilizing ongoing relationships with other agencies in the community, and through the use of a multidisciplinary team approach meet each of the client's individual needs.

Did You Know?

By the 8th grade, 52% of adolescents have consumed alcohol, 41% have smoked cigarettes, and 20% have used marijuana.

Research indicates up to 90% of youth in foster care have some type of mental health disorder yet less than 1/3 receive treatment.
